PROFILE SUMMARY

Innovative and results-driven **Engineer** with over **9+ years of experience** in architecting, developing, and scaling high-performance mobile applications. Proven success in leading cross-functional teams, **optimizing CI/CD pipelines**, and delivering **App Store-featured products** with enhanced reliability and user engagement. Strong expertise in **Swift, SwiftUI, UIKit, Combine, React Native, Android and AWS**, with a focus on **performance optimization, modular architecture**, and **end-to-end delivery**. Passionate about building scalable systems that drive business impact and enhance user experience.

Key Highlights:

- Led full lifecycle development for enterprise apps serving **1M+ users**.
- Architected cross-platform **CI/CD** pipelines (iOS, Android, Web) using **GitHub Actions & AWS, CloudWatch**.
- Improved app **stability by 60%** and **reduced deployment times by 50%**.
- Experienced in **Agile leadership**, code reviews, and mentoring junior engineers.

PROFESSIONAL EXPERIENCE

Max Healthcare Institute Pvt Ltd — Lead Engineer (May 2023 – Present)

- Led development and release of **Doctor App** and **Patient App**, improving reliability and usability for healthcare professionals and patients.
- Owned architectural revamp across platforms, enhancing **modularity, maintainability, and scalability**.
- Implemented **CI/CD pipelines** across Web, Android, and iOS using **GitHub Actions** and **AWS Runners**, achieving seamless automated deployments.
- Acted as **DRI (Directly Responsible Individual)** for multiple product releases ensuring on-time, incident-free rollouts.
- Collaborated with leadership to define mobile roadmap, code standards, and performance benchmarks.

Airtel Digital | Wynk Ltd — Senior iOS Engineer (Apr 2021 – May 2023)

- Built and maintained **AdsSDK** from scratch and integrated it into **Airtel Thanks, Wynk, and Airtel Xstream** apps.
- Optimized SDK footprint and memory usage, **improving performance by 25%**.
- Contributed to **CI/CD automation**, cutting **release cycle time by 40%**.

TECHNICAL SKILLS

- **Languages:** Swift, SwiftUI, Objective-C, Kotlin, React Native, JavaScript, TypeScript, Java, C++, C
- **Frameworks:** UIKit, SwiftUI, Combine, Core Data, Core Animation, ARKit
- **Tools:** Xcode, VSCode, Android Studio, Fastlane, Firebase, AWS CloudWatch,
- **Testing:** XCTest, XCUITest, Espresso, Unit Testing, SwiftData, Testing
- **CI/CD:** GitHub Actions, Firebase App Distribution, AWS Runners
- **Concepts:** Data Structures, Performance Profiling, MVVM, MVC, Analytics Integration, AI-assisted development tools, GraphQL, Apollo iOS SDK.

ACHIEVEMENTS & LEADERSHIP

- Core member of college placement cell
- Top academic performer for consecutive years.
- AMCAT-certified Data Processing Specialist.
- Coordinator for technical fests and active member of the basketball team.

- Worked closely with **Product and QA teams** to ensure smooth deployments and crash-free metrics.
-

Infogain India Pvt Ltd — iOS Engineer (Mar 2019 – Apr 2021)

First Managed Care Option Inc. (Jun 2020 – Apr 2021)

- Delivered enterprise-level mobile solutions focusing on API optimization and modular code architecture.
- Enhanced build stability and crash-free metrics through instrumentation and testing improvements.

Samsung SDS Pvt Ltd (Nov 2019 – Jun 2020)

- Maintained and optimized Samsung's **enterprise Retention Platform** for improved performance.
- **Reduced build times by 30%** through compiler-level optimizations and profiling..

Myntra Jabong (Mar 2019 – Nov 2019)

- Enhanced app stability using XCTest and XCUITest, **achieving 95% crash-free sessions**.
 - Contributed to Myntra Jabong, implementing new features and automated UI testing with XCUITest and Espresso.
 - Improved test coverage and **reduced regression defects by 35%**.
-

iWebServices Pvt Ltd — iOS Developer (Aug 2018 – Mar 2019)

- Built real-time social and communication apps (**Chalenj, Talk, Nudo**) using **Swift** and **QuickBlox SDK**.
 - Implemented analytics tracking and performance profiling with Xcode Instruments.
-

Hocrox Infotech Pvt Ltd — iOS Developer (Dec 2016 – Aug 2018)

- Delivered multiple client-facing apps (**Varun Gandhi, SOIn, MinyVan, Huger Hub**).
 - Integrated APIs, analytics SDKs, and optimized performance via **memory leak profiling**.
-

EDUCATION

NRI Institute of Technology & Management, Gwalior (M.P) — B.Tech (Electronics & Communication)

July 2010 – June 2014

Graduated with 79.91% under RGPV University, Bhopal.
